

OTP Hike #0240

O. T. P. AUG.10,1994 HIKE

LEADER: ROLAND BASSETT

This hike will require a shuttle operation, therefore it is requested that those of you with large capacity vehicles carpool so we can minimize the number of vehicles required for shuttling. The hike will be a continuation of Irene's July 27th hike except that we will meet at Carlton Flats (approximately mile marker 47.4 on Angeles Crest Highway #2). After we assemble, we will shuttle to the Sulphur Springs turn-off parking lot.

The hike (although not pre-hiked) should be relatively easy in that overall it descends seven miles from the Sulphur Springs turn-off to Carlton Flats.

We should meet at Carlton Flats no later than 9:15 AM so that we can beat the heat by starting by 9:30.

See you there!
