

OTP HIKE FOR JULY 24, 1996

Host: Jim Spotts

This is a repeat of a point-to-point, shuttle hike down the Arroyo Seco taken a couple of years ago.

Plan of "attack": Everyone assemble at the intersection of Gould Mesa Road and Angeles Crest Hwy. at 9:15 AM. The parking area is off to the right just 2 miles from the 210 fwy. (mileage paddle 26.43). From there, we will reappportion people in vehicles (so we can leave some vehicles at this location) and then drive to the parking lot at the intersection of Angeles Crest Hwy and the road down to Switzers (mileage paddle 34.14). Hike start will be at 9:30 AM.

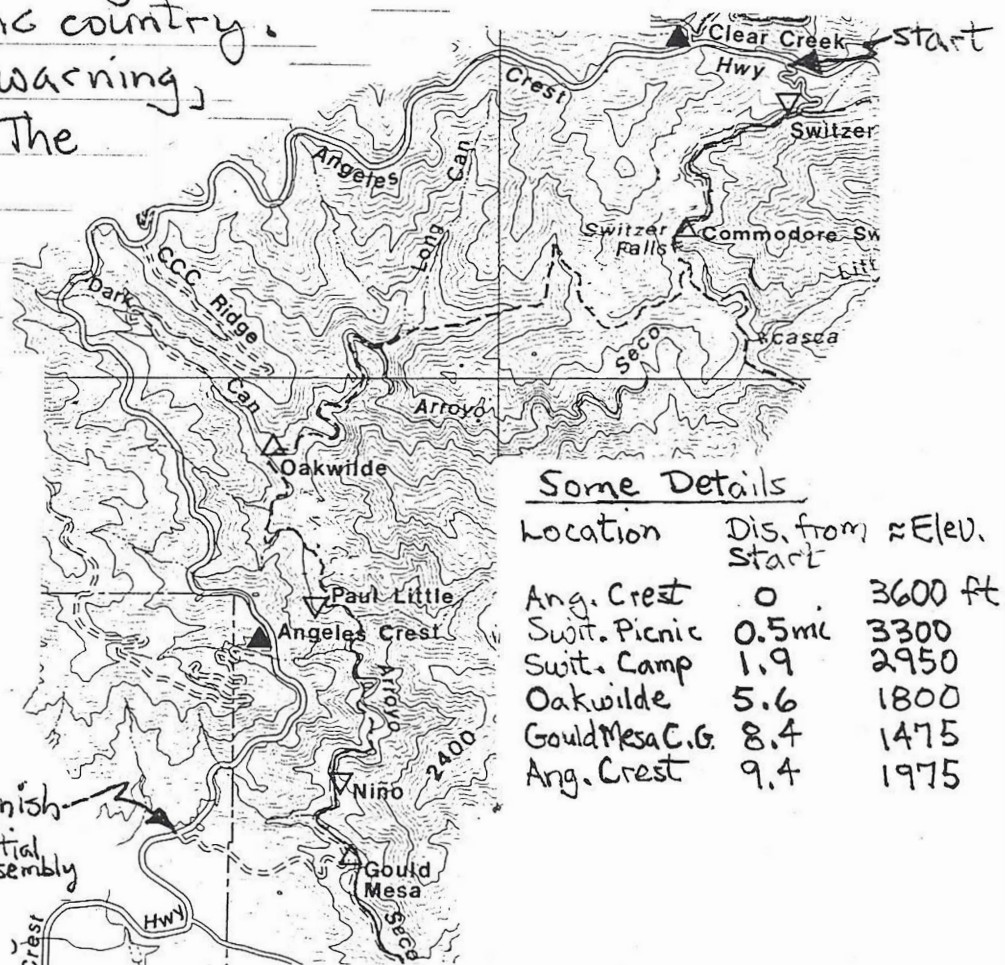

Hike Description: A 9.4 mile, mostly down-hill hike through some very scenic country.

A word of warning, however! The

last mile of the hike is an approx 500 ft.

elev. gain from Gould Mesa C.G.

up to Angeles Crest.
