OTP Hike for 10/9/13

Reseda to Wherever

Distance – To be determined

Elevation-Optional

Coordinator – Jack

Revised hike for October 9, to avoid a long drive to a possible barricade.

Exit the 101 Freeway at Reseda and drive south to the end of the road. Free parking ends ¼ miles from the end.

Hike will begin at the end of the road and climb up to Mulholland. Turn right and hike to the first intersection where you turn left. From here you can pick your own hike. The first trailhead on your right will take you on the Garapito Trail toward Eagle Rock. Continue on the road will bring you to the Hub. From here you have more choices, To Temescal Peak, to Eagle Rock or to head back to the parking area. When you are done exploring the Santa Monica Mountains, return to the trailhead for refreshments.
